15 December 2011

Dear Parent/Guardian

Year 9 Reports December 2011

This letter accompanies your child's December report. This is the second report you will have received this academic year and is intended to enable parents and staff to track and monitor progress.

The report summarises some very important pieces of information:

- Current GCSE predicted grade which can be compared against your child's target grade
- Progression of your child from their October report

The report also highlights where a student is behind with coursework. If this is the case we need your support to ensure your child catches up as soon as possible. Coursework is a vital component and contributes to the final mark awarded. Staff continue to offer their support to students in additional coursework catch up sessions and attendance to these sessions should be encouraged.

On Thursday 2 February Year 9 parents are offered the opportunity to attend the Options Subject Fair. Most students in Year 9 will be selecting another option to study in Year 10 and will have a further option to select for Year 11. You have the opportunity to visit the subject fair from 6.30-7.45pm to find out about options your child may be considering.

Please be aware that you should also be accessing your child's information on attendance and current academic progress on the school's website/parents' section using your own personal log-in. If you wish to know your log-in details or password please email help@rossettschool.co.uk.

The focus for all students here at Rossett is for continuous improvement and striving to achieve the very best they can. As parents your role is crucial in ensuring this happens and I wish to thank you in anticipation of your support. There is no doubt that your child will have the best chance of success if they receive similar support and encouragement both at home and at school. Please discuss their grades with them and if you have any queries then please do not hesitate to contact me.

Yours sincerely

Mrs Henderson
Achievement Co-ordinator for Year 9
