TEMPLE MOOR
HIGH SCHOOL
AND SIXTH FORM

Dear Parent/Carer,

We at Temple Moor High School use the NRS cashless catering system. This system allows us to continue with the development of the school meals service we provide, and helps us develop a more efficient, faster and ultimately better quality of service.

We require the consent of at least one parent/carer in order that the biometric information of your child can be processed. Please be assured that this information remains within school and the biometric information is an algorithm and not the actual finger print.

Although Pin codes can be issued, the preference of the school is to use biometrics as this is a faster more secure method of identification and we would appreciate your co-operation with regards to this matter.

This system incorporates the latest technology and eliminates the need for students to carry cash throughout the day thus reducing the risk of losing large sums of money. As the system is biometric there is no need for students to carry a card as the system will recognise the thumb of your child at the tills, again reducing the risk of loss.

Once set up, you will also be able to access the account from home to top up and see what is being purchased and how much is being spent.

Our preferred method of loading accounts with money is on line. You will receive a letter with further details on how to access your child's account before they start.

I/ We confirm that we wish our child/children TO BE/ NOT TO BE (please delete where applicable) registered on the schools Biometric Cashless Catering System with immediate effect.

I understand that I/ we may withdraw my child's registration at any time in writing.
